DATE: 11 March 2024

The Department of Education continuously commit to improve the quality of education by providing safe and conducive learning environment through construction of more school buildings, other infrastructure, and facilities for schools. Furthermore, the Department recognizes the importance of maintaining a complete and accurate inventory of school infrastructure, including buildings, classrooms, furniture, and other facilities to be used in planning, budgeting, resource allocation, and decision making.

In preparation for the budget deliberations for the Fiscal Year 2025, there will be an update of the National School Building Inventory for SY 2023-2024 to capture the updated inventory of school infrastructure and other facilities. This will serve as basis for adjusting classroom requirements to ensure the safe operation of schools.
